Throughout the year	Writing Mastery	Low stakes quizzes each lesson and for homework and cumulative knowledge tested with longer knowledge tests.	Begins with the fundamental grammar knowledge needed to write accurately and build upon this starting point. Grammar knowledge is organised based on research into the most fundamental errors pupils make and the knowledge required to correct these errors. All pupils start with the unit (1-4) most appropriate to their ability, rather than selected by age or year group.	Focus on accuracy in writing as discrete lessons, which later in Y7 and into Y8 and beyond, will feed into their disciplinary writing in English and other curriculum areas.
Throughout the year	Reading for Pleasure	No assessment	Texts selected based on reading a range of genres and enjoying a diverse range of writers and story subjects throughout KS3.	Vocabulary training in each lesson with a focus on tier two vocabulary and on supporting pupils to move vocabulary into their expressive vocabulary. Reading is supported with pedagogical strategies that help to support reading fluency, including choral reading, teacher modelling and comprehension through summarising.
